

BUSINESS GOOD; CATTLE A FACTOR

Lifting of Quarantine Is Followed by Marked Increase in Trade.

The lifting of the cattle quarantine was the most important feature of the week as regards business conditions in El Paso, in the opinion of local business men. It is stated that the improvement throughout El Paso's business territory, in increased purchases by merchants and the returning into money of stock that for months has been so much dead weight, will be gradual but sure. Business men here state that the improved conditions are already beginning to be reflected in this city.

Mail Increase Indicates Prosperity. El Paso will be one of the comparatively few cities in the United States to show an increase in postoffice business for the fiscal year ending June 30, according to figures now being compiled on the year's work. The incoming mail has shown a large increase and, as practically all of this mail is for El Paso—the business done with Mexico being about the same as in 1912—the report will give excellent idea of the steady growth of the city.

Wholesale Business Good. Wholesale houses here report a continued betterment in trade in El Paso's territory. For a number of months there was a falling off, principally due to the low price of goods, but this has now passed and each month is showing an improvement. All of the larger copper producers in Arizona are again operating about normal and local salesmen traveling in that state report business conditions 50 per cent better than a year ago.

Mexican Factor Expected. The early betterment in the situation in Mexico, a betterment that is indicated by the president's note, will be a big factor making for better business in El Paso. El Paso is the chief supply center for all of the northern part of the republic and merchants declare that peace will mean larger purchases in El Paso in the months that have occurred in normal times in many years.

Collections throughout El Paso's territory are good and no failures of moment have been reported.

All Germs Ordered To Beat It!—Gift!

Searching Influence of a Remedy That Works Wonders.

The introduction of S. S. S. is at once a command to blood impurities to find a way out. And what are blood impurities? They may be the hyperacidity found in the mucous linings of the body; they may be acid accumulations known as rheumatism; they may be boils, pimples, eczema, acne and stubborn, indolent sores. But examined closely, they are all germs that have gotten the upper hand and it requires the flushing influence of S. S. S. to drive them out. And out they go when S. S. S. begins to circulate in the blood. It only requires five minutes to begin this influence, for it is a fact that in this limited time S. S. S. may be traced in the urine, in the perspiration, in the effluvia from the lungs, to show that it is at work. Germs, mind you, are of various kinds, but all are foreign to health and S. S. S. is no respecter of destructive germs. It drives them all out, of whatever nature they go by. Just get a bottle of S. S. S. of any druggist and soon you will observe a decided change. And if you are a stubborn case, write to the Medical Adviser, care of The Swift Specific Co., 197 Swift Bldg., Atlanta, Ga. He is a regular physician, proud of his name by virtue of his distinguished family and is recognized as a foremost physician on his own merit.

The DOCTOR'S ADVICE

by Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply in any case of similar nature.

These waiting further advice, free, may address Dr. Lewis Baker, College Bldg., College-Kilwood Sts., Dayton, O., enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials or fictitious name will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order of wholesaler.

them regularly at once, and when you gain in pounds you may discontinue their use.

"A Friend" writes: "What will I do? I think I must have something wrong with my kidneys, have pains in my back, my feet swell, in fact, my whole body feels putty, especially at night."

Answer: Have you noticed any headache, chills, nausea? These are also symptoms of kidney trouble. I suggest the immediate use of hawthorn tablets to relieve this condition. They will promptly stimulate and restore the kidneys to proper action and health. I do not know of anything better to cure this.

"West" writes: "I'm a very nervous person. I cannot sleep at night and I'm always constipated. My complexion is getting thick growth of hair, but it is now falling out. My scalp itches and dandruff shows in my hair, and also sticks to my head."

Answer: Your symptoms indicate that your blood is impure and your nervousness is the result of improperly nourished tissues and nerve-cells. A good laxative and blood purifier is found in the use of three grain sulphur tablets (20 sulphur). Start taking them at once.

OFFICIAL RECORDS

Deeds, Building Permits,
Births & Deaths Recorded

Building Permits.

To Refugio Zamora, to build a frame building on lot 14, block 4, Washington Park addition; estimated cost, \$210.

To Mrs. W. L. Inks Jones, 127 North Ochoa street; May 25.

To Mrs. Primo J. Aguilar, 817 South Stanton street; May 24.

To Mrs. Benjamin Endlich, 316 Park street; May 28.

To Mrs. Frank L. Franco, Eighth and Canal streets; May 11.

BAILEY SAYS ROAD BAD NEAR BENSON; GOOD ELSEWHERE

H. H. Bailey and wife, of El Paso, have reached Phoenix on their trip to the Grand Canyon and the Pacific coast, according to postal cards received from them. Mr. Bailey writes under date of Wednesday as follows:

"We arrived here Monday. We have found the roads fine except where we took the short route from Tombstone to Tucson by way of Benson. It is 28 miles shorter but 40 miles worse. We hear the Yuma road is fine.

"When we arrived here the police were looking for us; they had a telegram to notify Mrs. L. Bailey her mother at Cuervo, N. M., was dead and insisted that we fit the description in spite of all protest."

The Daily Novelette

THE TINY TEN.

Now tell me, isn't it true, That gratters all day you?

They do, they do—hoo-hoo!

Fritz, the iceman was in a perspiration (for it was the hottest 4 o'clock in the morning in 11 years) and a dilemma (for he only had one small block of ice left and there were still ten customers left unserved, each of whom took a ten-cent piece, "I know," Fritz cried to himself.

Then, climbing over one of the fences and filling a bucket full of water, he poured water over each of the tiny ice blocks, so that each was in the middle of a puddle.

Clever Fritz!

What you don't? Well, let him explain it himself then:

"How, how?" chuckled Fritz. "Now when they find the pieces they'll think I've melted and melted on 'em."

Shortly afterwards, ten good housewives opened their gates and got a shiver at the icy mayhem.

(Not the end by a long shot.)

DOCTORS ARE MAKING BIRTH RETURNS NOW

Since the grand jury was instructed to make an investigation of the failure of the city health department to report birth returns to the city health department there has been noticeable increase in the number of births recorded at the city health department office.

Thursday there were 11 returns reported.
